*"Let us then approach the throne of grace
with confidence, so that we may receive mercy
and find grace to help us in our time of need."*

Hebrews 4:16

God's desire is to fellowship with us! We are being called to come into His presence through an added emphasis on prayer and on praise and worship.

There is a fresh wind of praise and worship music blowing across the Body of Christ today. It's not confined to any particular denomination or location. Our vision is to gather these songs together and then produce music which is vital, involving, and designed to help you participate in this new move of God.

Praise and Worship Songbook 2 continues in the same tradition as our very successful first Songbook. Our newest offering will be a valuable tool for pastors, worship leaders, and ministers of music. We believe this Songbook will encourage a new level of congregational participation and will enhance choir presentations, home Bible studies, family devotions, and personal worship times.

We have prepared a comprehensive set of indexes which are fully described in the Foreword. Please refer to that section for further suggestions that will enable you to take full advantage of this valuable resource.

We pray that Songbook 2 will greatly enrich your praise and worship.

FOREWORD

Praise and Worship Songbook Two includes all of the songs from the following Hosanna! Music recordings:

Praise and Honor
I Will Rejoice
Arise and Sing
Mighty Warrior
Lamb of God
In His Presence

Every song is arranged in four-part harmony (SATB) and can be easily performed by your choir or worship team. The four-part harmony also works well as a basis for piano and organ accompaniment. Cued notes have been added where necessary to help establish the "feel" of the song. Guitar chords are also provided.

Musicians should be encouraged to embellish these arrangements by improvising with the chord symbols. When there is a note under a slash (e.g., F/G), the note above the slash is the chord to be played by the upper register instruments (guitar, right hand of the piano, etc.). For songs that flow smoothly with each other, a medley reference is listed on each appropriate page.

The **Praise and Worship Songbook** has many features to help you plan your worship services.

Index "A" lists all songs by key and tempo. Praise and worship times will flow more smoothly if you select songs that are closely related in key and tempo. Create medleys of songs rather than stopping after each song. Choose songs that are related thematically, such as:

Make a Joyful Noise	E minor
O Come Let Us Sing for Joy	A minor
Sing for Joy in the Lord	A minor
Joy of My Desire	B ^b major

Index "B" lists the songs by topic, such as joy, thanksgiving, victory, etc. If you know the theme of your pastor's message, you can prepare the hearts of the people by focusing your worship on the same topic.

Index "C" lists songs by the first line of lyrics in case you are unsure of the title.

Index "D" lists the songs according to their scriptural references. If you are searching for a song featuring a specific scripture, you will find it listed in biblical order.

Index "E" lists copyright owners of the songs presented in this publication.

We wish to thank all those who have given their permission to print the songs in this book. Every effort has been made to locate the copyright owners. If any omissions have occurred, we will make proper corrections on future printings.

A "Words Only" Edition of this Songbook is also available (HMSW02).
